Offer details

Contract term	Ongoing contract with 12 months benefit period.
Contract expiry details	Ongoing contract which continues until you or we end it. The benefit period is 12 months. At the end of this term we may extend your current Energy Plan or set you up with a new Energy Plan – but only if we've written to you first and you haven't told us not to. If you don't hear from us, your energy supply will continue under our Agreement without Energy Plan benefits.

Other important information**Key terminology**

Daily supply charge	Charge that applies for supplying electricity to your premises for each day of the billing period, regardless of how much electricity you use.
kWh	'kWh' stands for kilowatt hour and is the unit of measurement for your electricity usage charges.
Solar Meter Charge	Charge will apply if you have a Solar PV system installed at your premises. This fee is passed through from your distributor and may vary.
Feed-in tariff	Feed-in tariff is a cents per kWh rate paid for electricity fed back into the electricity grid by a solar PV system.

Discounts

Discounts	Discounts apply to the GST exclusive usage charges only (off our published Origin Supply usage charges, which can be found on our website), and are only available to customers signing up to this offer from the above effective date.
Guaranteed Discount	A 5% discount on the GST exclusive usage charges listed above will apply for the benefit period.

Price changes

Charges may vary	We may vary the Charges (including the amount, nature and structure of any Charges) by notice to you at any time during the benefit period (if any). The notice may be in a message on your next bill and will state the date of the variation. If your Charges increase, we will notify you in writing at least 10 business days prior to the variation taking effect.

ELECTRICITY

QLD RESIDENTIAL Energy Price Fact Sheet

Solar Boost (Market Offer)

Energex Distribution Zone

Contract details

Cooling off period	10 business days. You may cancel this contract at any time within the cooling off period.
Terms and conditions	Offer may not be available in all areas. Call us to find out more. For full terms and conditions, visit www.originenergy.com.au/2889/Terms-and-conditions .
Eligibility	The offer set out in this Energy Price Fact Sheet is only available to residential electricity customers who consume less than 100 MWhs/annum of electricity in the relevant distributor area with the necessary metering system/configuration. To be eligible for this offer your solar PV system must be net metered and must not be larger than 10kW, and you must not be receiving a feed-in tariff under any Government scheme. If you remove your solar PV system from the supply address during the benefit period the offer will continue but you won't receive the feed-in tariff.

Fees

Card payment fee	A 0.55% fee (GST Incl) may apply to payments made by VISA or MasterCard.
Payment processing fee	\$2.00 (GST Incl) for over the counter payments at Australia Post.
Late payment fee	A fee of \$12.00 (GST exempt) may apply if your bill is not paid by the due date. A late payment fee may not apply depending on your circumstances.
Additional fees	For information on additional charges that may apply visit www.originenergy.com.au/2402/Additional-charges .
Paper Bill Fee	\$1.75 (incl GST) applies for each paper bill.
Reconnection fee	A \$11.28 (GST Incl) fee may apply when your property is reconnected (including when you move). This fee is passed through from your distributor and may vary. Please visit your distributor's website to find out the current fee.
Disconnection fee	A \$11.28 (GST Incl) fee may apply when your property is disconnected (including when you move). This fee is passed through from your distributor and may vary. Please visit your distributor's website to find out the current fee.
Distributor charges	You must pay us any charges that your distributor imposes on us in relation to the services performed by your distributor (or any other person) at your supply address.

Solar feed-in tariffs

Solar feed-in tariffs	For the 12 month benefit period you'll receive a total feed-in tariff of 14 cents per kWh for every kWh of electricity exported to the grid. When the benefit period ends you'll receive our standard retailer feed-in tariff available at the time your benefit period ends as published on our website. Origin currently offers a standard retailer feed-in tariff of 7 cents per kWh exported which is subject to change at any time. All amounts are GST inclusive (if any).
