**Offer details**

Contract term	Ongoing contract with 24 months benefit period.
Contract expiry details	Ongoing contract which continues until you or we end it. The benefit period is 24 months. When the benefit period ends we'll still supply you with energy under our contract. We may extend your Energy Plan or set you up with a new one – but only if we've written to you first and you haven't told us not to. If you don't hear from us, you'll receive our standard retailer feed-in tariff available at the time your benefit period ends as published on our website.

## ACT RESIDENTIAL Energy Price Fact Sheet Solar Boost Plus (Market Offer)

### ActewAGL Distribution Zone

Price changes	
Charges may vary	We may vary the Charges (including the amount, nature and structure of any of the charges) by notice to you at any time. The notice could take the form of a message on your bill and will specify the effective date of the variation.

Contract details	
Eligibility	The offer set out in this Energy Price Fact Sheet is only available to residential electricity customers who consume less than 100 MWh/annum of electricity in the relevant distributor area with the necessary metering system/configuration. To be eligible for this offer you must purchase an eligible solar PV system from Origin. Total installed solar PV system capacity at your premises must not exceed 10kW. Your solar PV system must be net metered and you must not be receiving a feed-in tariff under any Government scheme. If you remove your solar PV system from the supply address during the benefit period the offer will continue but you won't receive the feed-in tariff.
Cooling off period	10 business days. You may cancel the contract any time within the cooling off period.
Terms and conditions	Offer may not be available in all areas. Call us to find out more. For full terms and conditions, visit <a href="http://www.originenergy.com.au/2889/Terms-and-conditions">www.originenergy.com.au/2889/Terms-and-conditions</a> .
