

Solar Boost (Market Offer)

JEMENA Distribution Zone

Offer details

Contract term	Ongoing contract with 12 months benefit period.
Contract expiry details	Ongoing contract which continues until you or we end it. The benefit period is 12 months. At the end of this term we may extend your current Energy Plan or set you up with a new Energy Plan – but only if we've written to you first and you haven't told us not to. If you don't hear from us, your energy supply will continue under our Agreement without Energy Plan benefits. You'll receive our standard retailer feed-in tariff available at the time your benefit period ends as published on our website.

Other important information

Key terminology

Daily supply charge	Charge that applies for supplying electricity to your premises for each day of the billing period, regardless of how much electricity you use.
kWh	'kWh' stands for kilowatt hour and is the unit of measurement for your electricity usage charges.
Feed-in tariff	Feed-in tariff is a cents per kWh rate paid for electricity fed back into the electricity grid by a solar PV system.
KW	Demand is measured in kilowatts (kW) and is the maximum rate of electricity consumption over a 30 minute billing interval.

Discounts

Discounts	Discounts apply to the GST exclusive usage charges only (off our published Origin Supply usage charges, which can be found on our website), and are only available to customers signing up to this offer from the above effective date.
Guaranteed Discount	A 16% discount on the GST exclusive usage charges listed above will apply for the benefit period.

Price changes

Charges may vary	We may vary the Charges (including the amount, nature and structure of any of the charges) by notice to you at any time. The notice could take the form of a message on your bill and will specify the effective date of the variation.

ELECTRICITY

VIC RESIDENTIAL Energy Price Fact Sheet Solar Boost (Market Offer)

JEMENA Distribution Zone

Contract details

Flexible Pricing Information	By choosing this tariff you may not be able to revert to your original tariff, but there will be a flat rate tariff available to you, except in some circumstances, which may include where you have a solar PV system. If you move retailers you will not be able to revert to your previous tariff. To obtain further information about flexible pricing and your rights please visit http://www.switchon.vic.gov.au/
Eligibility	The offer set out in this Energy Price Fact Sheet is only available to customers in the relevant distribution area with the necessary metering system/configuration. To be eligible for this offer your solar PV system must be net metered and must not be larger than 10kW, and you must not be receiving a feed-in tariff under any Government scheme. If you remove your solar PV system from the supply address during the benefit period the offer will continue but you won't receive the feed-in tariff.
Small Demand Tariff Information	You must opt-in to a demand based network tariff and have a remotely read digital meter at your premises. After opting into this tariff you may be able to opt out however you may not be able to revert to your original tariff. There will be a flat rate tariff available to you, except in some circumstances. The reversion period ends 31 December 2020.
Cooling off period	10 business days. You may cancel this contract at any time within the cooling off period.
Terms and conditions	Offer may not be available in all areas. Call us to find out more. For full terms and conditions, visit www.originenergy.com.au/2889/Terms-and-conditions .

Fees

Card payment fee	A 0.26% fee (GST Incl) may apply to payments made by VISA debit card. A 0.60% fee (GST Incl) may apply to payments made by VISA credit card. A 0.32% fee (GST Incl) may apply to payments made by Mastercard debit card. A 0.72% fee (GST Incl) may apply to payments made by Mastercard credit card.
Payment processing fee	If you pay at an Australia Post outlet, a payment processing fee of the higher of \$2.00 or 0.49% (incl GST) may apply.
Additional fees	For information on additional charges that may apply visit www.originenergy.com.au/2402/Additional-charges .
Paper Bill Fee	\$1.75 (incl GST) applies for each paper bill.
Distributor charges	You must pay us any charges that your distributor imposes on us in relation to the services performed by your distributor (or any other person) at your supply address.
Disconnection fee	A \$61.84 (GST Incl) fee may apply when your property is disconnected (including when you move). This fee is passed through from your distributor and may vary. Please visit your distributor's website to find out the current fee.
Reconnection fee	A \$40.08 (GST Incl) fee may apply when your property is reconnected (including when you move). This fee is passed through from your distributor and may vary. Please visit your distributor's website to find out the current fee.

Solar feed-in tariffs

Solar feed-in tariffs	For the 12 month benefit period you'll receive a total feed-in tariff of 20 cents per kWh for every kWh of electricity exported to the grid. From 1 July 2018, the 20c/kWh is made up of our standard retailer feed-in tariff of 9.9c/kWh and an additional feed-in tariff of 10.1c/kWh. The 'Terms and Conditions for Feed-in Tariffs – Victoria' applies to both the additional feed-in tariff and standard retailer feed-in tariff. When the benefit period ends you'll receive our standard feed-in tariff available at the time your benefit period ends as published on our website. Origin offers feed-in tariffs. Please contact us on 1300 791 468 to discuss your eligibility and available terms. Further information is also available at www.originenergy.com.au/2716/Feed-in-tariffs . All amounts are GST-inclusive (if any).
