Discounts and incentives

Incentives

Solar feed-in tariffs

During the benefit period you'll receive a total feed-in tariff of 14 cents per kWh until you reach your export cap for each billing period. Your export cap for each billing period is calculated by multiplying

Solar feed-in tariffs

the number of days in your billing period by 14kWh. The 14 cents per kWh is made up of our standard retailer feed-in tariff of 12 cents per kWh and an additional feed-in tariff of 2 cents per kWh.

Solar feed-in tariffs

The Terms and Conditions for Feed-in Tariffs – Victoria' applies to both the additional feed-in tariff and standard retailer tariff. When the benefit period ends you'll receive our standard retailer feed-in tariff available at the time your

Solar feed-in tariffs

period ends as published on our website. Origin offers a standard retailer feed-in tariff of 12 cents per kWh exported which is subject to change at any time. All amounts are GST-inclusive (if any).
